1) Including non-profit institutions serving households.

2) Data in section 3.2 are collected on a quarterly basis and with a longer timeliness. For this reason, breakdowns shown in section 3.2 may not add up with totals in section 3.1.

Individual country breakdowns are subject to a confidentiality regime in some countries and may thus be unavailable.

3) In the case of non-EU residents, the terms "MFI" and "MMF" are used to indicate institutions of a similar type to monetary financial institutions resident outside the EU.

4) In accordance with the ESA 2010, in December 2014 holding companies of non-financial groups were reclassified from the non-financial corporations sector to the financial corporations sector. These entities are included in MFI balance sheet statistics with financial corporations other than MFIs and insurance corporations and pension funds (ICPFs).
